The best time frame for an effective campaign is from six months to one year prior to the election. This advance nomination form can be presented to the WNGEA President at anytime, but the deadline for all advance nominations is the Friday before the WNGEA State Conference.

Nominations can be made from the floor. All nominees will be allotted time to address the membership prior to the vote to sell themselves for the position they seek.

To sell your intentions to the membership, it would be nice to see your campaign presented before and during the State conference. Suggested ideas: Posters, Flyers, Official Nomination speech using a friend. Submit your BIO and letter of intent for the Bucky's Bulletin, prior to the conference.
